ORDERING SUGGESTIONS

Authorized purchasers may contact vendors directly to place an order.* Before you call a merchant to order products or services, make sure you have your FCI ID number nearby, available in the contact listing in your locker. You will need this number to place an order.

When you call, you should introduce yourself to the vendor. Example: "Hello, this is William Rogers from Mu Iota Theta. We are a member of the FSILG Cooperative, Incorporated at MIT. I'd like to place an order for a case of SPAM." At the end of the call, be sure to repeat your address and FCI information. Example: "Our House is at 77 Mass. Ave. The FCI number for my house is 3141592. My individual ID number is 3183098."

We have designated sales contacts for each vendor, but the particular person you reach on the phone may be unfamiliar with the Cooperative. If a vendor does not recognize the Cooperative or you have other problems ordering, please call us at 617.452.4053 and we will help straighten out the problem. We can usually solve the problem in a few minutes, so please don't hesitate to call right when you are having the problem.

* If you are ordering from an MIT internal provider, you should arrange the purchase directly with the provider, then have the vendor contact FCI to complete the order.

Please consult the online vendor listing for the most accurate information.

Please contact us if you discover any errors in this document.
